Our extensive range of clothing and accessories allows us to precisely tailor our offerings to meet your specific needs.

Whether starting from scratch or adhering to your brand guidelines, our team is equipped to assist at any stage of the design process.

SIGN-OFF

Prior to the club shop creation, you'll be prompted for a final sign-off to ensure that the kit aligns with your needs and expectations.

CLUB SHOP CREATION

The next step involves creating your exclusive online club shop. Our team will design a tailored shop where members can easily browse, personalise, and pay for orders online during pre-arranged ordering windows. As a club, you'll have the freedom to determine the shop's opening frequency and schedule throughout the year.

PRODUCTION

Following the closure of the online shop window, orders are collated, and the production process begins with our industry-leading factories. Given the bespoke nature of our products, there is a lead time associated, with most items having an average 6-week lead time from closure to delivery.

DELIVERY

We offer direct-to-door or club distribution options for your members' orders. It's all about your convenience and customisation. Elevate your ordering experience with Swimzi!
